DATA PROTECTION:

Regarding the personal data transmitted between the Signatories referring to the beneficiaries of this Agreement (data holders), each one undertakes to comply with the legislation in force on the protection of personal data. The Signatories commit themselves to take suitable technical and organizational measures in order to prevent unauthorized access, transmission or modification of unauthorized data (mainly through computer networks) and to respect the processing of personal data in compliance with the principles of security, confidentiality, integrity, purpose, minimization, necessity and transparency.

The potential beneficiaries ("data subjects") of the programs shall be informed, prior to the submission of their applications, that their personal data (hereinafter, as "Personal Data and Information"), essential for the management of the exchange process, will be transfer to the countries of UTP and FEUP.

In case of a personal data breach or suspicion of a personal data breach, the Responsible Signatory shall notify the other Signatory, within the 72 hours after having become aware of it. The communication shall detail the nature of the personal data breach and provide a brief report with all the relevant information of the personal data affected, probable causes and consequences, and adopted measures to repair the breach.

For the purposes of this Agreement, personal data breach means a breach of security leading to the accidental or unlawful destruction, loss, modification, unauthorized disclosure of, or access to, personal data transmitted, stored or otherwise processed.

Each Signatory shall be liable to the other Signatory for damages caused by any breach, as well as for damages caused to the data subjects. Liability between the parties is limited to actual damages suffered.

In case of doubt, the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons concerning the processing of personal data and on the free movement of such data applies.
